YOGYAKARTA SPECIAL REGIONAL REGULATIONS  
ON  
ADVANCEMENT OF DEVELOPMENT AND COMMUNITY EMPOWERMENT IN  
*KALURAHAN AND KELURAHAN*

I. General

In Article 8 paragraph (1) of Law of the Republic of Indonesia Number 13 of 2012 on the Privileges of the Special Region of Yogyakarta, it is stated that the Special Region of Yogyakarta has a special form and structure of government. It is considered special because the regional government in Yogyakarta Special Region is a continuation of Sultanate and Duchy *nagari* governments at the same time it undergoes changes to adapt government administration system of the Unitary State of the Republic of Indonesia. There are different dimensions in the implementation of Village Government institutions in Yogyakarta Special Region according to the privileges they have. The implementation of Village Government institutions is known as *Kalurahan* and *Kelurahan*.

*Kalurahan* and *Kelurahan* are the ends of the hierarchy of institutional order system that have direct proximity to community so they can provide respond to the complexities and development issues experienced by community. The Regional Government is endeavoring to provide answer of complexities and development issues through the Advancement of Development and Community Empowerment in *Kalurahan* and *Kelurahan* in order to accelerate improvements in quality of life and livelihood of the community for greatest community welfare by increasing knowledge, attitudes, skills, behavior, abilities, awareness, while utilizing resources through establishment of policies, programs, activities and assistance fitted to the essence of issues and priority needs of community in *Kalurahan* and *Kelurahan*.

The achievement of Yogyakarta Special Region development certainly does not only depend on the government, but also on all citizens and Yogyakarta society. Rising up united joint efforts, determination, and great spirit of sacrifice, as well as a shared spirit are very necessary to achieve a better future, in order to realize the glory of Yogyakarta Special Region people. The Yogyakarta Special Region Development must be done through economic growth, preserving culture and building a civilized society. For this reason, the lowest level of government

– *Kalurahan* and *Kelurahan* - has to be independent to the highest level of government - Regional Government of Yogyakarta Special Region. The presence of regional regulation regarding the Advancement of Development and Community Empowerment in *Kalurahan* and *Kelurahan* is the answer to the absence of statutory regulations that act as a legal protection to regulate regional needs regarding the Advancement of Development and Community Empowerment in *Kalurahan* and *Kelurahan*.
